We are excited to welcome our 2020/2021 articling students – [Aman Taggar](#), [Artak Vardumyan](#), [Dawn MacGregor](#), [Karina Alibhai](#), [Klara Danielson](#) and [Morgan Barber](#). Many of these students are returning to the firm having joined us last year as summer students.

Our articling program has been thoughtfully designed to offer articling students a learning experience that is challenging and rewarding in an environment that is collegial and dynamic. With a focus on professional development, our program works to provide them with a comprehensive and thorough exposure to the practice of law to help them successfully transition from law student to practicing lawyer.

To contact any of the students and/or learn more about our [articling program](#) visit our [students page](#).
