LIFE IN LAW RECEIVES HERMES CREATIVE AWARD FOR WEBSITE DESIGN

July 3, 2020

We are delighted to announce that Life in Law, a support forum co-founded by [Kim Jakeman](#) and [Una Radoja](#) and powered by Harper Grey, is the recipient of a Platinum [Hermes Creative Award](#) in the Website Creative/Website Design category.

Designed by Harper Grey's in-house Marketing Team, the process of creating LiL involved building an entire brand identity in addition to an intuitive website. The Team realized that in order for LiL to be successful, the starting point would have to be a great interactive and easy to navigate website and they delivered. We love the final result and were thrilled to learn that Hermes Creative Awards did too!

The Hermes Creative Awards honors those bringing ideas to life through digital and traditional platforms. Each year, competition judges evaluate the creative industry's best publications, branding collateral, websites, videos, and advertising, marketing and communication programs. The competition is open to all individuals, companies and organizations involved in producing any kind of marketing and communication materials for external or internal audiences.
