KELSEY ROSE ATTENDS AME BC POLICY FORUM

November 26, 2017

Harper Grey associate, [Kelsey Rose](#), attended and assisted in organizing a Policy Forum as part of her work on the AME BC Land Access and Use Committee. The forum took place at the Vancouver Convention Centre on November 24, 2017 and brought together executive directors, regional directors and statutory decision makers from the provincial government with AME members and regional exploration groups. The conversation was focused on generating ideas to improve the efficiency of the provincial Notice of Work (NoW) permitting process for mineral exploration.
