**MICHAEL DROUILLARD QUOTED IN THE STAR
VANCOUVER**

April 12, 2019

Harper Grey lawyer [Michael Drouillard](#) was quoted in The Star Vancouver article “*When a bankrupt oil and gas producer’s creditors came knocking, this B.C. farm got caught in the crossfire*” published on April 11, 2019. The article discusses the impact on grain farmers in northeast BC of liens on their property by two creditors of a bankrupt oil and gas company, who have filed liens on title to their home even though they have nothing to do with the company’s business. Michael Drouillard weighs in on how the situation illustrates the importance of getting legal advice before signing any commercial lease. Read the full article [here](#).
